CYBER - L

CYBER LEADERSHIP CERTIFICATE

The National Defense University College of Information and Cyberspace (NDU CIC) Cyber Leadership (Cyber-L) program focuses on developing the skills and desired leadership attributes necessary to be an effective strategic leader in the cyberspace domain. The program achieves this through a rigorous curriculum that enhances the understanding of all aspects of cyberspace and how to best integrate cyberspace with the other elements of national power to achieve the nation's strategic objective.

Successful Cyber-L graduates will be able to:

- Employ critical, strategic, ethical, and innovative thinking to lead 21st Century organizations;
- Exercise strategic leadership and critical thinking in the development and use of cyberspace, information, and information technology as an instrument of national power;
- Understand the technology and processes that create and support the man-mad terrain that underpins information and cyberspace operations;
- Facilitate collaboration and integration of cyberspace and information technology capabilities in a multi-stakeholder environment, and;
- Communicate at the strategic level demonstrating command of the topic, logical organization, compelling argument, and excellence in English grammar and syntax.

Cyber Leadership Certificate

Courses are based on each Cyber-L competency. Students work with their supervisors and the CIC's Academic Advisor to tailor their program to fit their professional and/or organizational needs. Students earn the Cyber-L Certificate by successfully completing six (6) courses:

4 Required Courses

2 Electives

Minimum Admissions Eligibility Criteria:

- Bachelor's degree (3.0 GPA minimum)
- Civil service pay grade of GS-13 or officer rank of O-4

For more information refer to the CIC website.
