	Non-Program Seeking: Certificate Program Enrollment Form **College of Information and Cyberspace** **National Defense University** **Fort McNair, Washington D.C. 20319-5066**

The non-program seeking status allows students who meet College of Information and Cyberspace (CIC) program eligibility requirements to enroll in courses without declaring an intent to complete a particular CIC program. Students may take up to 9 credits before they must select a program. This form is meant to be used by non-program seeking students who have completed their 9 credits and wish to enroll in a CIC Certificate Program. **Once completed, please email this form to the Office of Student Services at CICOSS@ndu.edu.**

Please note, if a non-program seeking student wishes to enroll in the CIC Master of Science degree, they must apply following the CIC regular application process.
